When I heard the pitter  
patter of reindeer feet!

Through the chimney santa  
came,

And checked his list for my

In Ms. Kemmerly's Class we are talking about the book, *The Great Gatsby*. *The Great Gatsby* is a big part of American literature. It's very interesting but I'll let you read it. We are also learning how to analyze each character and tell how the author feels towards them. We are also learning about how the time period plays into the book.
