HISTORY OF THANKSGIVING

In September 1620, a small ship called the Mayflower left England, carrying many passengers. An assortment of religious people seeking a new home where they could freely practice their faith and other individuals lured by the promise of prosperity and riches in the New World. After a dangerous and uncomfortable crossing that lasted 2 months days, they dropped anchor near the tip of Cape Cod, far north of where they wanted to go. One month later, the Mayflower crossed Massachusetts Bay, where the “Pilgrims”, as they are now commonly known, began to create there own society where they would practice there own religion and live freely.

DRUG AND ALCOHOL ABUSE

Drugs and alcohol can turn into many dangers. Being pressures by your peers to try drugs and alcohol may have you thinking you are really cool. Honestly, it has no positive effect on you or anyone around you at all. When you are trying these dangerous drugs, you are risking the loss of everything you have. You are never sure what you are really taking. If you buy drugs from someone else, it's unlikely that it is pure. You may lack

knowledge of the strength and effects of the drug and accidentally overdose. Certain drugs can lead to disease. this 'happy chemical' that you intake makes you think you need the drugs and you become depressed. Trying drugs can lead you to become a completely person or even cause death. Show your true self and say no to drugs and alcohol.

- December 13th— Coach Alexander's birthday
- December 16th— Yearbook meeting
- December 25th— CHRISTMAS
- December 31st— NEW YEARS EVE

Senior Survey

The seniors of 2016 were given a survey for Jeanerette Senior High. 33% of the students said that they weren't going to college, they wanted to go straight to work. The rest of the class 67% decided they were going to attend a 4-year, or 2- year university, and major in a subject. The chart below shows the percentages of students that chose to go straight to college. The yellow part of the pie chart shows how many students said no they weren't going to college, the purple part of the graph represents the students that said yes they were going to college .
